

BOARD OF EXAMINERS SSE NOTICE CRITERIA (*Mining Safety and Health Advisory Committee competencies table*)

Type of Notice	No of Persons	Blasting on site: Y/N	Experience	Competency	Competency	Competency	Competency	Work History Required	Blasting Qualifications
Surface mines or quarries	More than 20	Blasting	5 years, incl 2 years in a supervisory role	RII50120 * (Dip Surface Ops Mgmt)	RIIRIS301E * (Apply Risk Mgmt)	RIIRIS501E * (Implement/maintain mgmt sys to control risk)	BSBWHS521 * (Ensure a safe workplace)	Yes	Yes
		No blasting	5 years, incl 2 years in a supervisory role	RII50120 * (Dip Surface Ops Mgmt)	RIIRIS301E * (Apply Risk Mgmt)	RIIRIS501E * (Implement/maintain mgmt sys to control risk)	BSBWHS521 * (Ensure a safe workplace)	Yes	No
	Between 11 and 20	Blasting	5 years, incl 2 years in a supervisory role	RII40120 * (Cert IV Surface Extraction Operations)	RIIRIS301E * (Apply Risk Mgmt)	RIIRIS501E * (Implement/maintain mgmt sys to control risk)	BSBWHS521 * (Ensure a safe workplace)	Yes	Yes
		No blasting	5 years, incl 2 years in a supervisory role	RII40120 * (Cert IV Surface Extraction Operations)	RIIRIS301E * (Apply Risk Mgmt)	RIIRIS501E * (Implement/maintain mgmt sys to control risk)	BSBWHS521 * (Ensure a safe workplace)	Yes	No
Underground operations	More than 10	Blasting	2 years experience within the previous 5 years	RII50120 * (Dip Surface Ops Mgmt)	RIIRIS301E * (Apply Risk Mgmt)	RIIRIS501E * (Implement/maintain mgmt sys to control risk)	BSBWHS521 * (Ensure a safe workplace)	Yes	Yes
		No blasting	2 years experience within the previous 5 years	RII50120 * (Dip Surface Ops Mgmt)	RIIRIS301E * (Apply Risk Mgmt)	RIIRIS501E * (Implement/maintain mgmt sys to control risk)	BSBWHS521 * (Ensure a safe workplace)	Yes	No

* An alternate qualification may be accepted at the descretion of the Board.

QLD MINES INSPECTORATE SSE criteria for operations employing 10 or less workers (*Mining Safety and Health Advisory Committee competencies table*)

Type of Notice	No of Persons	Blasting on site: Y/N	Experience	Competency	Competency	Competency	Competency	Work History Required	Blasting Qualifications
Surface mines or quarries	Between 6 and 10	Blasting	5 years, incl 2 years in a supervisory role	RII40120 ^ (Cert IV Surface Extraction Operations)		RIIRIS501E ^ (Implement/maintain mgmt sys to control risk)	BSBWHS521 ^ (Ensure a safe workplace)	Yes	Yes
		No blasting	5 years, incl 2 years in a supervisory role	RII40120 ^ (Cert IV Surface Extraction Operations)		RIIRIS501E ^ (Implement/maintain mgmt sys to control risk)	BSBWHS521 ^ (Ensure a safe workplace)	Yes	No
	Between 1 and 5	Blasting	2 years experience within the previous 5 years	Introduction to Safety Management Systems	Effective Risk Management	Incident Investigation	Electrical Awareness	Yes	Yes
		No blasting	2 years experience within the previous 5 years	Introduction to Safety Management Systems	Effective Risk Management	Incident Investigation	Electrical Awareness	Yes	No
Underground operations	Between 1 and 10	Blasting	2 years experience within the previous 5 years	Introduction to Safety Management Systems	Effective Risk Management	Incident Investigation	Electrical Awareness	Yes	Yes
		No blasting	2 years experience within the previous 5 years	Introduction to Safety Management Systems	Effective Risk Management	Incident Investigation	Electrical Awareness	Yes	No

^ An alternate qualification may be accepted at the descretion of the Mining Inspectorate.
