Queensland**

**Resources Safety & Health
Queensland**

Vision and strategy

... a Queensland resources sector free from fatality, serious injury and occupational disease ... **Zero Serious Harm**

Providing effective
risk-based safety and
health regulation

To be an exemplar
expert regulator

Promoting improved
safety and health
outcomes

Resources Safety & Health
Queensland

Regulatory approach

- a common goal – the protection of workers
- a pre-occupation with serious harms
- a compliance culture won't prevent injury
