Serious Accidents FY26YTD

5 8 # of serious accidents

Current financial year FY26*

21.5 per quarter

* to 23/02/2026

1 Fatality

Current financial year FY26

Fatality details

Mammoth UG, 2nd Jan – While tramming the bolter, a strata failure occurred, and the roof collapsed above the bolted zone at the intersection. The roof collapse caused fatal injuries to a coal mine worker that was handling the bolter cable at the time of the incident.
