Privacy Disclaimer

Resources Safety & Health Queensland is collecting the information on this form on behalf of the Board of Examiners (the Board) to assess your application for a Site Senior Executive Notice Queensland (Mineral Mines and Quarries). This information is authorised by the *Mining and Quarrying Safety and Health Act 1999*. This information will only be accessed by authorised employees within Resources Safety & Health Queensland. Some information will be given to members of the Board for assessment purposes.

The Board is required by legislation to keep a register of certificates of competency granted by the Board, site senior executive notices issued by the Board and notices of registration given by the Board under the *Mutual Recognition Act 1992*. The Board may disclose information in the register, other than the contact details of an individual, to any person or agency. Further information on the privacy policy is available at <https://www.rshq.qld.gov.au/privacy>

PROCESS

1. The applicant lodges an application and certified copies of proof of identity, certified copies of educational qualifications and shottirer licence, if applicable, with the Secretary of the Board of Examiners.

Applications can be lodged via email.

Application for sites employing ten persons or less are not required.

Refer to **Mining Safety and Health Advisory Committee** for required competencies:

<https://www.rshq.qld.gov.au/resources/documents/commissioner/recognised-mining-competencies.pdf>

2. Acknowledgement of receipt of the application will be emailed to the applicant.
3. The application and work history are forwarded to the Chief Inspector (Mines) or their delegate to confirm that the applicant meets the work history and qualification requirements to be granted a Site Senior Executive Notice Queensland (*Mining and Quarrying Safety and Health Act 1999*).
4. The application and work history and any comments if the applicant does not meet requirements are returned to the Secretary of the Board of Examiners.
5. If the application is approved, the Chair of the Board of Examiners issues the Notice.
6. A record of the Notice is kept in the Register of Certificates of Competency and Notices with the date of issue and number recorded.
7. Successful applicants should register their Notice with the Queensland Practising Certificate Scheme at: <https://www.boepcs.qld.gov.au>

NOTE:

Please take the time to download the current application form, read and address all the criteria.

Any of the following will immediately null and void any application, without notice:

- Applications that are not submitted on the current application form.
- Providing uncertified identification or qualification documents
- Applications submitted without the completed checklist page

Applicants who submit a second application that fails to meet all criteria as per the current application form and any deficiencies advised, cannot submit a further application form for 12 months from the date of notification of decline.

SECTION 8: DETAILS OF PRACTICAL MINING EXPERIENCE	

Please read these instructions before completing the Work History table.

Download the table from:

<http://www.business.qld.gov.au/industries/mining-energy-water/resources/safety-health/mining/competencies-certificates/mineral>

The Board of Examiners (the Board) requires minimum practical experience and a minimum requirement of involvement in surface mining or quarrying operations aligned with the Site Senior Executive Notice Queensland issued under the *Mining and Quarrying Safety and Health Act 1999*. In order for the Board to be assured you have work experience that is relevant to fulfil the requirements of the Site Senior Executive's role, you are required to provide evidence verified by the Site Senior Executive who was appointed at the operation during the period against which you are claiming experience.

Holders of a Queensland First Class Mine Manager Certificate of Competency (Underground Metalliferous Mines) or Certified Practicing Quarry Managers are **not** required to complete the work history document.

It is important that you demonstrate you have rounded experience covering a number of aspects of modern surface mining or quarrying practices. It is your responsibility to identify gaps in your work history against the requirements set out on the work history template

Providing job titles alone is not acceptable evidence. Additional sheets may be attached if required. Information provided will be cross-checked and the provision of any fraudulent information may result in the application being rejected.

Note: The summary sheets require signature/verification of the tasks. If you are unable to obtain the relevant signatures or written verification for the work from previous employers, you may submit a statutory declaration explaining the circumstances and verifying that the information provided in your work summary is true and correct.

For those applying for a surface mine or quarry employing more than 10 persons, experience should include:

- Five (5) years' experience in mining or quarrying
- of which at least two (2) years have been in a supervisory role

(or as determined by an Inspector of Mines given the nature and complexity of the operation)
