Surrender of small arms ammunition

For safety's sake, don't keep unwanted small arms ammunition.

Small arms ammunition of any kind should not be kept unnecessarily, nor disposed of inappropriately such as in rubbish bins.

Small arms ammunition can now be surrendered at nominated firearms dealers for disposal.

A list of nominated firearms dealers who are authorised to collect small arms ammunition on behalf of the Queensland Government can be found on the RSHQ website – www.rshq.qld.gov.au.
